John Collins Jr still in Colling bourne Engl. Documentation Date: Fact: John Collins shas not yet 4 May 1864 left for America Source: Letter from John Collins Sr. 4 Priscilla to Samuel hiddiard and Savah Collins Liddiard, dated 4 May 1864 Original letter in poss. of A Sophia Collins Beck Halladay 835 West 300 No. Provo Wtah 84601

Collingbourne Aughton near Marlboro Wilts May 4, 1864

Dear Samuel & Sarah,

I now again take my pen to write a few lines to you. Hoping it will find you both happy and in good health as it leaves us all at the present, except Tom & Henry's Earnest and both of them seem to be in a bad. way. The Doctor says that Earnest is in the decline. Tom has been to London a month for advice but he has not gained any benefit by that for he has had a very large tumor form in his left side, but it is now broke and discharges itself a great deal. I shall say nothing about the news of the place the rest will tell you about that. I will only say the enemy is now again very busy as there is a few now and again about to leave England for the Valley. Mr. Patten is coming out this season, we expect outdoor preaching to commence next Sunday at Aughton up again Sam Barlow. Mr. Beck and Mr. Bird are both men from the Valley. Elder Beck is coming on Sunday but whether it will be he that will speak or Spackmans or Newman I cannot say. Mr. Bird has been to our house twice and he seems to be a very kindhearted good man. All the family was present both times when he was there and he spoke to us upwards of an hour in a very affective way concerning the principals of the gospel but he did not stay there neither of the nights but he went to - to Joyce's to sleep as that would make him two miles further on his way as he was going to greatly station to take the train. Your mother and me thinks of being baptized if all is well once before John starts and I think if the way is open next spring if the Lord spares us, you may expect to see us both if we can make all things right to get away. I want you to write as often as you can and let us know how you are getting on in all things. You must not look after my writing for It is hard work for me to write at all I have the cramp so in my fingers. Give my best respects to your brother Robert and wife, all sends their best of kindness love to you both. except the same from we your Father & Mother.

from the eastern states also joined the great emigration westward. The Civil War was in progress and the demand for every mode of transportation and needed supplies was continually increasing, especially in Florence, Nebraska, one of the bustling frontier towns. The arrival and departure of organized companies, under the direction of the Church, starting across the plains added to the problem. Some of the Saints were financially able to make the trip through to the valley while others were aided wholly or partially by the Perpetual Emigrating Fund. Upon their arrival in Utah the emigrants received temporary care in the homes of relatives and friends until they were settled in places of their own. Each of the incoming companies strengthened and ex-

The cattle in both trains were quite poor, indicating that they had seen hard times in crossing the plains.

Taylor, Assistant Captain; A. W. Winberg, Chaplain, and John Swenson Commissary. This company was passed by Elder T. Taylor, on the Platte, about 150 miles this side of Nebraska, where it was getting along nicely. The second company, of about 200 souls started on the 12th of August with Elders Henson Walker. Captain and Robert Pixton, Chaplain. The third company, likewise of about 200 souls, also started on the 12th of August, Elders Wm. W. Willis, Captain, and F. W. Cox, Chaplain. These two companies are expected to travel together for protection to each other and are mostly English with a few American families. Elders George Sims and Alfred Lee started in the last company with a mule team, but they calculate to overtake and pass the first company before it reaches this city."
